

GEOGRAPHY 2
0750

Littoral Association of Geography Teachers (LAGEOT)

A
DVANCED LEVEL

MARCH 2024

REGIONAL MOCK EXAMINATION	SUBJECT CODE NUMBER 0750	PAPER NUMBER 2
	SUBJECT TITLE GEOGRAPHY	

Three hours (3 HRS)

Answer **FOUR** questions, choosing at least **ONE** from each section

All questions carry twenty-five marks each.

You are encouraged to refer to specific example drawn from any part of the world. Credit will be given for such specific examples.

Only the required number of questions will be marked.

Marks will be awarded for well annotated maps and diagrams were these are relevant

You are reminded of the necessity for good English and orderly presentation in your answer.

SECTION A: PHYSICAL GEOGRAPHY

1.
 - (a) Differentiate between atmospheric stability and instability. (6marks)
 - (b)
 - (i) Compare the equatorial climate and the tropical Monsoon climate. (5marks)
 - (ii) Examine the influence of **TWO** static and **ONE** dynamic factors on the shape of the storm Hydrograph. (8marks)
 - (c) Identify and explain any **two** problems and solutions associated with exploitation of water resources in Cameroon. (6marks)
2.
 - (a)
 - (i) Briefly explain the main mechanism of plate movement. (4marks)
 - (ii) Identify and describe any **TWO** hazards associated with earthquakes. (6marks)
 - (b) Discuss how climate influences the rate and the type of weathering. (8marks)
 - (c) Analyse **THREE** strategies that can be used to combat erosion along the coast of Cameroon. (7marks)
3.
 - (a) Compare ferrallitization and calcification as basic pedogenic regimes. (6marks)
 - (b)
 - (i) Explain any **THREE** reasons why the biomass store is the most fragile store in the tropical rainforest ecosystem? (6marks)
 - (ii) Examine any **THREE** ways by which a community can prevent a plant succession from reaching its climax stage. (6marks)
 - (c) Using the outline map of Cameroon provided, locate three types of forest vegetation and describe **three** resources in each type identified. (7marks)

SECTION B: HUMAN GEOGRAPHY

4.
 - (a) Distinguish between over population and carrying capacity. (6marks)
 - (b)
 - (i) In what ways does climate influence global distribution of population? (8marks)
 - (ii) Discuss any **TWO** factors influencing fertility. (5marks)
 - (c) Account for the movement of people from the western highlands to the coastal lowlands of Cameroon. (6marks)
5.
 - (a) Briefly explain the following concepts as used in Economic Geography:
 - (i) Industrial inertia
 - (ii) Sub-optimality
 - (iii) Economic rents
 - (iv) Industrial agglomeration
 - (v) Locational quotient
 (10marks)
 - (b) Why are transport networks constantly characterized by deviations? (7marks)
 - (c) Elaborate any **TWO** problems faced by farmers in the northern region of Cameroon and **two** measures taken to solve these problems. (8marks)
6.
 - (a) Examine any **THREE** ways through which the forms and patterns of rural settlements are adapted to their local physical milieu. (9marks)
 - (b) Explain the reasons why commercial and industrial activities occupy different sites within an urban area. (8marks)
 - (c) Discuss any **FOUR** measures that have been used to solve urban problems in Cameroon. (8marks)

SECTION C: CONTEMPORARY ENVIRONMENTAL AND DEVELOPMENT ISSUES (CEDI)

EITHER.

7.
 - (a) Discuss any **TWO** causes and **TWO** effects of either soil erosion or flooding. (8marks)
 - (b) Explain the effects of recent climate change. (8marks)
 - (c) Examine **THREE** measures adopted by the government of Cameroon and the local community to combat either floods or deforestation. (9marks)
- OR
- (a) Briefly explain any **THREE** of the following concepts:
 - (i) Sustainable development.
 - (ii) Trade blocs.
 - (iii) Millennium Development Goals (MDGs)
 - (iv) Globalisation
 - (v) Newly Industrialising Countries (NICs)
 (9marks)
 - (b) Evaluate the level of attainment of any **FOUR** of the Millennium Development Goals. (8marks)
 - (c) With reference to any **TWO** regions that exhibit **two** constraints in socio-economic development in Cameroon, what measures have been taken to reduce the gap between the **two** regions? (8marks)
